EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In claim 3, the spelling of "mean" has been corrected to - - means - - .

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The claims are allowed because nothing in the art shows or suggests the particular combination of elements recited in claim 1 (some references show flexible insulated containers supported by rigid elements, but lack metallic elements and a heat exchange system; other teachings show insulated containers with metallic elements thermally engaged/"bonded" to heat exchange systems, but the insulation does not comprise a flexible container supported structurally by a rigid metallic heat conductive element).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
